Orange County Republican Committee

Our Mission in conjunction with the Republican Party Plan for Virginia and the OCRC By-Laws state that we are to **seek out and encourage**

qualified Republican candidates to run for public office and to **ELECT** Republican candidates to office. To accomplish this, we must focus on the Candidates, their Campaigns, and the Elections.

We have our preferred candidates. Each Candidate is well qualified for the elected positions they are seeking. The OCRC has encouraged each of them to attend and participate in numerous training programs to prepare themselves to win and better serve their constituents. Each candidate has a great message, and they are committed to serving our community impartially.

There are four principles that are vital to all candidates in their conduct now and when they are elected to a position of public trust and service: **Morals, Ethics, Integrity, and Trustworthiness.**

1. **Morals** deal with being concerned with the principles of right and wrong.
2. **Ethics** include the application of moral principles that govern behavior in conducting activity by having high principles of behavior.
3. **Integrity** is the quality of being honest and having strong moral principles.
4. **Trustworthiness** in being able to be relied on as honest and truthful.

Each of our candidates meet and exceed these four principles. Now it falls upon us to promote their efforts to the best of our ability by spreading the word throughout our communities and whenever possible to make any level of financial contribution to their campaigns.

Election Day will be here before we know it. We need **Poll Watchers (inside)** and especially **Poll Workers (outside)**. **Statistics tell us that many people approach the Poll not having decided who they will vote for.** **Outside Poll Workers** handing out information can influence an election. **Volunteer today and make a difference!!**

**Together we will make a positive difference
within our community!**

Under the leadership of the District 2 and District 5 School Board members, since 2012 it is obvious the Orange County Public School system is going the wrong direction.

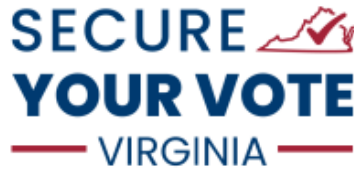

It is time for a change!

Elect

Secure Your Vote Virginia is a major focus for Governor Glenn Youngkin and a significant part of his effort to hold the House of Delegates and flip the Virginia State Senate. Because your vote matters!

Here's the truth: we can't go into Election Day in Virginia this November down thousands of votes.

That's exactly why Governor Youngkin, in partnership with the Republican Party of Virginia, the Republican State Leadership Committee, and the House and Senate Caucuses launched **Secure Your Vote Virginia** to make it easy to vote **before** Election Day.

Governor Youngkin needs you to vote...early! Here's how:
